Sir:

RESUBMISSION OF PREVIOUSLY SUBMITTED
INFORMATION DISCLOSURE STATEMENTS

It has come to the attention of Clairvoyante, Inc., the assignee of the subject application, that five (5) Information Disclosure Statement (IDS) submissions that are known to have been submitted in the subject application and received by the Office are missing from the application's official file wrapper, and are presumed to be lost.

The five missing Information Disclosure Statement (IDS) submissions are identified in the Table on the next page, along with other relevant information about them.

Table of IDS Re-Submissions in US 10/047,995

Date of Applicant's Submission	Applicant's Evidence of Submission	Number of Pages of Reference Citations	Total Number of Citations	Total Number of Foreign, NPL Documents Uploaded
03/19/02	Stamped return receipt postcard showing Receipt Date of 03/25/02	1	16	1
10/11/02	Stamped return receipt postcard showing Receipt Date of 10/11/02	2	21	8
3/06/03	Stamped return receipt postcard showing Receipt Date of 03/06/03	1	2	1
04/02/03	Stamped return receipt postcard showing Receipt Date of 4/2/03	3	47	31
4/16/03	Stamped return receipt postcard showing Receipt Date of 4/16/03	2	28	0

For each of these IDS, Applicant is hereby re-submitting the following via EFS-Web:

- a copy of the return receipt post card showing the Office stamp and date of receipt in the Office;
- the IDS transmittal/cover letter, signed and dated by applicant's appointed representative at the time of the filing of the IDS;
- the IDS listing of references; and
- a copy of each foreign patent reference and each non-patent literature document cited on each of the IDS listing of references.

Because these are re-submissions of previously submitted and received IDS filings that have been lost by the Office, this re-submission falls outside the scope of the IDS timing rules in 37 CFR 1.97. Applicant requests that these documents and references be entered into the file wrapper of the subject application at this time.

Applicant believes no fee is required for this re-submission.

Applicant respectfully requests that the Examiner consider each of the listed references, initial each reference considered, and sign each Information Disclosure Statement.

The undersigned respectfully requests the Examiner's cooperation in reviewing the references cited on each IDS and returning the initialed and signed IDS documents before August 17, 2007 when the issue fee is due in the subject application.

The Examiner is invited to contact Stuart Kaler at (408) 200-7387 if any further explanation or information is needed about this communication.

Respectfully submitted,

By: /Stuart P. Kaler/
